

## Wright Memorial Public Library

### Parent Restriction on Child's Audiovisual Borrowing Privileges

Wright Library allows all patrons, regardless of age, to borrow materials from all areas of the Library's collection. The staff does not monitor or judge the materials selection of any borrower. Parents are strongly encouraged to accompany their children to the Library to help them select appropriate materials.

It is the parents' right and responsibility to monitor their child's library use.

You can check your child's borrowing record at any time as long as you have his or her Library card number. You may also choose to register your child's library card number under your name and card number with the online service at [www.LibraryElf.com](http://www.LibraryElf.com). This service will e-mail notices to you concerning holds and overdue items.

**A parent may use this form to request that a child under 18 years of age be restricted from borrowing all items from the Library's audiovisual collection on his or her card.**

Please be aware that:

- Completing this form will keep your child from being able to pick up AV items for other members of the family with his or her card.
- Completing this form cannot guarantee that your child will never have access to materials that you consider inappropriate. For example, it will not prevent your child from obtaining AV materials by using a friend's or family member's unrestricted Library card.

I have read this form and I request that my child's library card be restricted from borrowing audiovisual materials.

Parent or guardian's signature:
